An act to amend Sections 9082.7, 9084, and 9086 of the Elections Code, and to amend Sections 88001 and 88002 of, and to add Section 12173.5 to, the Government Code, relating to elections.

LEGISLATIVE COUNSEL'S DIGEST

SB 844, as amended, Pavley. Elections: ballot measure contributions.

Existing law requires each campaign committee formed or existing primarily to support or oppose a statewide ballot measure to file with the Secretary of State periodic reports identifying the sources and amounts of contributions received during specified periods. Existing law, including the Political Reform Act of 1974, also specifies information required to be included in the statewide ballot pamphlet for each statewide ballot measure to be voted upon.

~~This bill would require the Secretary of State to post on his or her Internet Web site, for each statewide ballot measure, lists of the 10 highest contributors of \$50,000 or more who have made the largest cumulative amount of contributions to all campaign committees collectively that are formed or existing primarily to support or oppose that ballot measure. The bill would require the Secretary of State to~~

~~update each list of contributors at specified intervals up until 2 business days before the election and to post a final version of each list by a specified date after the election. In addition, the bill would require the statewide ballot pamphlet to include a printed statement that refers voters to the Secretary of State's Internet Web site for the above-described lists of contributors. The bill would authorize the Secretary of State to adopt guidelines, regulations, or policies, as specified.~~

This bill would require the Secretary of State to create an Internet Web site, or use other available technology, to consolidate information about each ballot measure in a manner that is easy for voters to access and understand. The Internet Web site would be required to include a summary of each ballot measure, a list of each committee primarily formed to support or oppose a ballot measure, and a list of a committee's top 10 contributors, as specified. The bill would require the statewide ballot pamphlet to include a printed statement that refers voters to the Secretary of State's Internet Web site for a list of committees primarily formed to support or oppose a ballot measure, and information on how to access the committee's top ten contributors.

The Political Reform Act of 1974, an initiative measure, generally provides that the Legislature may amend the act to further the act's purposes upon a $\frac{2}{3}$ vote of each house and compliance with specified procedural requirements. The act also provides that, notwithstanding this requirement, the Legislature may add to the ballot pamphlet information regarding candidates or other information.

This bill, which would permit or require additional information to be included in the ballot pamphlet, would therefore require a majority vote.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
